BOARD OF EDUCATION MEMBERS

March 18, 2010

Dear Angela Hill:

What a fantastic day we had together on Saturday, March 13, 2010.

The annual spring Countywide Parental Involvement Conference, *"The Year of the Parent: Raising the Bar"* was a huge success. It was well attended by parents, representing schools from all areas of our county.

On behalf of the Office of School Improvement, I would like to take this opportunity to thank you for making this conference a success. The Pre-K and Kindergarten children really enjoyed you. It took teamwork and dedication to make this conference a rewarding educational experience. Your efforts are certainly a statement of your commitment to the students and parents of the Premier DeKalb County School System.

I look forward to working with you again. Thanks for all your support.

Sincerely,

Jackie Marshall

Parent/Community Liaison Specialist
Office of School Improvement
